- M ... switch modes without interrupting the currently-playing song
- r ... repeat the playlist when ended (R in statusline)

# Play commands statuschanges II

---

- s ... shuffle (S in statusline)
- C ... shuffle continue playing the next song (C in statusline)

# Fill queue and playlist

---

- y ... add the selected song to playlist (3)
- e ... mark the songs to the queue (4) (FIFO)

# Useful commands

---

# Useful commands I

---

- `:add ~/music ...` same as 'a'
- `:colorscheme ...` will change the colorscheme
- `:clear ...` will clear the current list

# Useful commands II

---

- `:save ~/music/  
playlist.lst`
- `:load ~/music/  
playlist.lst`
- `:unmark ...` clean the  
marked songs
- `q ...` quit cmus

# vim-cmus

---

# vim-cmus I

---

- `:CmusCurrent ...` shows the information of current song
- `:CmusPrevious ...` plays previous song
- `:CmusNext ...` plays next song

# vim-cmus II

---
